TEAM EUROPE PROPOSAL

Curbing unsustainable demographic growth

Harnessing remaining opportunities for a real demographic dividend

Impact on:

- People's livelihoods, fulfilment of their human rights
- Environmental sustainability (planned urbanisation, disaster risk reduction)

Support critical sectors such as:

- Education, to bring higher school completion rates (importantly for girls)
- Health, (financial) access to quality SRHR services, including family planning
- Social protection, to reduce risks of falling back into extreme poverty and all its consequences

Assist Uganda in customizing tailor-made (sub)regional responses

Address existing narratives on gender roles and demography & culturally sensitive topics:

- Cooperation with the Government and partnerships with the civil society
- Building and scaling block-chain solutions for more transparent and accountable social investments

Building and scaling block-chain solutions for more transparent and accountable social investments
